

STEINWAY LYNGDORF

Steinway & Sons A2

The 4-channel A2 fully digital amplifier is unique in its construction as well as its performance, and is the premier choice for both stereo and surround sound setups. A2 utilize true digital amplification, thus ensuring that signal processing is handled 100% in the digital domain without any sound-deteriorating analog conversions.

UNCOMPROMISED QUALITY

The 4-channel A2 utilizes fully digital amplification. This means that nothing gets between you and your sound. Without sound-deteriorating digital-to-analog conversions, the digital signal drives the speakers directly, with no translation and no middleman.

VERSATILE INSTALLATION

The A2 is easily rack mounted for discreet installation. Its compact design and sleek styling also allow it to maintain center stage in any listening environment without competing with room décor. With passive cooling and low heat dissipation to the environment, the amplifier is an energy-efficient and discreet addition to any Steinway Lyngdorf audio series.

INTEGRATED SYSTEM APPROACH

Together with A1, A2 do the heavy lifting for every stereo and surround sound system in the Steinway Lyngdorf line. It even stands in, on occasion, for the integrated amp that typically supports the legendary Model C and Model D configurations. It's this flexibility and adaptability that makes the A1 and A2 two of the most important foundations in the Steinway Lyngdorf Integrated System Approach.

GREEN TECHNOLOGY

A2 is incredibly efficient, which lowers the main power requirements, need no power conditioner, and the build quality is supreme which makes it incredibly reliant. It is a conservative and effective choice for yachts, extreme environments or places where the main power can fluctuate.

SPECIFICATIONS

Description:	Rack mount or freestanding, 4 channel fully digital power amplifier
Inputs:	1 x Steinway Lyngdorf Digital Link (CAT 5e based), 1 x RJ12 RS232 connector
Outputs:	1 x Steinway Lyngdorf Digital Link (CAT 5e based), 4 x Speakon® speaker output
Power rating:	4 x 400W @4 Ohm
Dimensions (W x H x D):	45 x 8.7 x 34.6 cm / 17.7 x 3.4 x 13.6 in
Weight:	9.5 kg / 21.0 lb
Finish:	Black
Item no.:	90010040
Country of origin:	Denmark
