LIMITED WARRANTY

Limited Warranty

Steinway Lyngdorf warrants the products to be free from defects in material and workmanship for a period of 5 years from date of delivery as registered in this booklet.

The Limited Warranty extends only to the original purchaser as evidenced by the original System Passport in this booklet and only to the audio systems installed by authorized Steinway Lyngdorf installers.

The Limited Warranty can be transferred to successive owners only if the re-packing and re-installation of the audio system has been performed by a authorized Steinway Lyngdorf installer evidenced by a re-installation note in this booklet.

Please retain this booklet in a safe place, and make sure your Steinway Lyngdorf authorised installer certifies date of installation and date of re-installation should you be the second owner. Proof of first authorized installation is a condition for receiving warranty service.

The recommended environment for Steinway Lyngdorf products is one with a relative humidity ranging between 45% and 70% and with a constant temperature between +15°C/59°F and 30°C/76°F.

What does the warranty cover?

Steinway Lyngdorf warrants that all audio systems shall be free from defects in materials and workmanship under normal and proper use as described in the owners's manual delivered with the product. Steinway Lyngdorf agrees to repair or replace (at our option) all such defective parts at no charge for labour or materials.

What does the warranty not cover?

This Limited Warranty does not apply to defective equipment that has not been installed by Steinway Lyngdorf authorized installers and/or service providers; has been altered or repaired by service providers not authorised by Steinway Lyngdorf; has been subjected to negligence, misuse or accident; has been damaged by improper line voltage; had its serial number or any part of it altered, defaced or removed; has been used for other purposes than home entertainment; or has otherwise been used in a way that is contrary to Steinway Lyngdorf written instructions as specified in the owners's manual. Please read the manual carefully to secure the warranty coverage.

This Limited Warranty does not cover damages, including but not limited to warping of wood panels and corrosion, caused by humidity and/or temperatures exceeding those recommended for the environment in which the product is placed.

This Limited Warranty does not in any case whatsoever cover any consequential, special, indirect or punitive losses or damages.

How long does the warranty extend?

The Steinway Lyngdorf Limited Warranty extends for a period of 5 (five) years from the day of delivery.

How do you get warranty service?

In order to obtain warranty service you must contact your original dealer or the Steinway Lyngdorf distributor of the region or country where you are located. If, for some reasons you have trouble in locating an authorized representative, please contact the Steinway Lyngdorf Customer Service Department. You will find the relevant contact data on www.steinwaylyngdorf.com

LIMITED WARRANTY

In some cases it may be necessary to return the equipment to Steinway Lyngdorf or an authorized service provider for repair. Therefore save your original packing materials. Steinway Lyngdorf will not be responsible for any damage due to unauthorized packing or shipment in non-original packing materials. If return is made in authorised packaging risks are borne by Steinway Lyngdorf. Additional charges may occur if new packing materials are required for return shipment.

Additional

The exercise of any of the provisions under the Limited Warranty does not affect the protections or remedies of the original purchaser under national mandatory laws applicable in the country of purchase. If you should have any questions about service, please contact your Steinway Lyngdorf authorized installers and/or service provider. This Limited Warranty applies to all Steinway Lyngdorf residentially installed audio systems.

For users outside the USA:

GOVERNING LAW; BINDING ARBITRATION. Any dispute arising out of or in connection with this Agreement, including any question regarding its existence, validity or termination, shall be referred to and finally resolved by arbitration under the Rules of the London Court of International Arbitration, which Rules are deemed to be incorporated by reference into this clause. The place of the arbitration shall be London. The language of the arbitration shall be English. The governing law of this Agreement shall be the substantive law of England and disregarding its rules on renvoi.

For users in the USA:

Preexisting present or future, and including statutory, common law, intentional tort and equitable claims between Customer and Steinway Lyngdorf arising from or relating to this agreement, its interpretation, or the breach, termination or validity thereof, the relationships which result from this agreement, Steinway Lyngdorf's advertising, or any related purchase

shall, to the maximum extent permitted by applicable law, be governed by the State of New York, without regard to conflicts of laws rules.

Steinway Lyngdorf reserves the right to make changes in design and specifications at any time.

Except as provided in the Steinway Lyngdorf Terms and Conditions, this Limited Warranty, the user's guide and/or by applicable law, Steinway Lyngdorf makes no additional representation or warranty of any nature whatsoever, expressed or implied, as to the equipment, including but not limited to the merchantability, fitness for a particular purpose, design condition or workmanship of the equipment, or the quality of the materials included herein.

Warnings

Caution: risk of electrical shock. Do not open.

Caution: to reduce the risk of electrical shock, do not remove cover. No user-serviceable parts inside. Refer servicing to qualified personnel.

Explanation of graphical symbols - Exclamation symbol

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the product.

Explanation of graphical symbols - Lightning symbol

The lightning with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of uninsulated "Dangerous Voltage" within the products' enclosure that may be of sufficient magnitude to constitute a risk of electrical shock to a person.

IMPORTANT SAFETY INSTRUCTIONS

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this system/apparatus near water.
6. Clean only with a dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves or any other apparatus (including amplifiers) that produce heat.
9. Do not defeat the safety purpose of the polarized or ground-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
10. Protect the power cords from being walked upon or pinched, particularly at plugs, convenience receptacles, and the point from where they exit from the apparatus.
11. Only use attachments/accessories specified by the manufacturer.
12. Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
13. Unplug this apparatus during lightning storms or when unused for long periods of time.
14. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
15. To completely disconnect this system/apparatus from the AC Mains, disconnect the power supply cords plug from the AC receptacles.
16. Do not connect any output from the amplifiers to any other amplifier's output or any other voltage source.
17. Refer all servicing to qualified service personnel. Servicing is required when the system/apparatus has been damaged in any way, such as when the power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the system/apparatus has been exposed to rain or moisture, does not operate normally or has been dropped.
18. Warning: To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.
19. Do not expose this system/apparatus to dripping or splashing and ensure that no objects filled with liquids, such as vases, are placed on the apparatus. *L'appareil ne doit pas être exposé à des égouttements d'eau ou des éclaboussures et de plus qu'aucun objet rempli de liquide tel que des vases ne doit pas être placé sur l'appareil.*
20. This apparatus must be connected to a mains socket outlet with a protective earthing connection. *Cet appareil doit être raccordé à une prise de courant qui est branchée à la terre.*
21. Keep the head unit and remote control away from direct sunlight, fire or the like. *Garder l'unité principale et la télécommande éloignées de la lumière de soleil directe, aussi que du feu ou similaire.*
22. The mains plug is used as a disconnect device and shall remain readily operable. *Lorsque la prise du réseau d'alimentation est utilisés comme dispositif de déconnexion, ce dispositif doit demeurer aisément accessible.*
23. To avoid electrical shock, make sure that no conductive part of the loudspeaker wiring is exposed while the amplifier is operating. Do not connect loudspeakers with un-insulated terminals to the amplifiers.
24. CAUTION: These servicing instructions are for use by qualified service personnel only. To reduce the risk of electric shock do not perform any servicing other than that contained in the operating instructions unless you are qualified to do so.
